

Dear Ministry Partner,

Last year we shared a story about Kirby and Michelle Frost in our January newsletter. If you have not received it, our newsletters are archived on our web site. Kirby and Michelle attended a Weekend to Remember in November of 2010 and it turned their marriage around in a HUGE way. Now one year later, how are they doing? Kirby recently wrote us a letter and he gave us permission to share it with you...

*"Michelle and I have been married for 21 years and when we went to a **Weekend to Remember** I thought it was just a way for us to spend some time together. **Wow! What an eye opener.***

*I knew there were some things in my life that did not line up with God's plan, but I was ok with that. To put it short and not so sweet, my upbringing was a fatherless one. I had no idea how to be a father and without an example or training, I made many mistakes. **The weekend gave me training and showed me that through Christ I can change my family tree.***

I have three wonderful boys, ages 19, 16, and 12. I know that they are watching my words and actions. They see how I treat them and their mother. Since the weekend, I can tell a real difference in the way Michelle and I react when we hit rough spots. I am also more aware of how I interact with my boys. I am trying to show them the best example I can.

*I personally had an issue that many men have and highly recommend a book called **Every Man's Battle**. **It is a life changing book that probably saved my marriage** and definitely gave me the strength to fight the temptations that so many men battle every day. This book has also helped me to deal with and head off problems with my boys as they work through difficult struggles in their life.*

*We, as true men, are called by God to love and lead our family.
Thank you very much, Kirby"*

A Tribute to my Dad (Kirby)...

“Over the last year, I can tell a big difference in my dad from the way he acts to what he says. My dad has been the biggest influence in my life. God couldn’t have given me a better dad to teach me everything I need to know and to love and care about me the way he does. He thinks problems through and doesn’t get easily angered anymore. He tells me he loves me more. He’s more sensitive and I feel like I can talk to him about anything. I can’t wait to start a family to someday be as good of a father and husband as my dad is to my family and I!” KJ Frost, Kirby’s 19 year old son

The Real Meaning of Family

家庭生活的真谛

**Weekend to Remember
now welcome in China!**

Earlier this fall, FamilyLife passed a major milestone. For the last 20 months in Beijing, FamilyLife has been working on getting legal approval for the ‘Weekend to Remember’ Marriage Manual. In order to launch FamilyLife openly in China, everything from business licenses, proper visas and resources need to conform to the government regulations.

Since all publishing houses are government owned, any published material must meet required standards. So when a product receives its ISBN bar code number, it is not just a price tag, **it is the seal of approval by the government.** On September 9th, 2011 the ‘Weekend to Remember’ Marriage Manual (Chinese title: The Real Meaning of Family Life) **became a legally registered product in the Peoples Republic of China!**

The ISBN that we applied for was a ‘Media ISBN number’. That means along with the manual, a DVD is required to support the teaching content.

Now each couple that comes to our FamilyLife ‘Weekend to Remember’ seminars in China, will not only receive 2 manuals, **but have a complete DVD set of the conference subtitled in Mandarin.**

This is just the beginning of not only helping to build strong marriages in those who come to our seminars, but helping them to share those life changing biblical blueprints with others. **To God be the Glory!!**
