### My Husband has been unfaithful and I need help!

Almost 2 years ago, just as I (Jennifer) was starting in the eMentoring department, I received this message: ***My husband has been unfaithful and I need help!*** I could hear the pain and sorrow in this woman's words. My heart went out to her and so did my prayers.

It has been 20 months, MANY messages later and we are still staying in touch. I am pleased to say that this woman and her husband are well on their way to complete restoration of their marriage. Praise the Lord! I feel so blessed to be a part of this couple's story of healing.

We received permission to share her story but we have changed names to protect identities.

***Brian confessed to Rachel that he had struggled with pornography through their whole marriage and recently he had been unfaithful. Two weeks later they were at a Weekend to Remember looking for help to save their marriage. That's when Rachel heard about eMentoring and she picked up a copy of Torn Asunder.***

Brian and Rachel committed that weekend to do the hard work, no matter what. They committed to praying together, being accountable to their pastor, and being completely open and honest. Because of their hard work and the grace of God, they started to see their marriage being put back together.

After about 9 months Rachel was reflecting on how far they had come and how much God had done in their hearts and marriage. ***"I can say now that I really feel like my husband and I have come a long way. We are really trying. I fear setbacks and the trust is still being built, but we are moving along."***

Rachel said our mentoring relationship has played a big part in their recovery. ***"I think back on how hopeful I was when I heard about eMentoring at the Weekend to Remember. As you know, I didn't want a lot of people to know and didn't have a lot of places to go... It's amazing how God puts things into the right place for the right time! Thanks again for praying for us! I'm very thankful for you."***

A little over a year into Brian and Rachel's healing process, God brought a hurting woman to Rachel. This woman confessed that she found pornography on her husband's computer and she was devastated. She didn't know what to do. Rachel was able to encourage her to share what she had learned through FamilyLife!

***"You all (FamilyLife) have been with me on this journey and you have played that role that I was able to be for my friend. I'm glad I was able to help at least one other person."***

**Praise:** For the many people that find hope and encouragement through our eMentoring ministry!

**Pray:** For the upcoming Weekend to Remember events in our home area. Pray that many couples will attend the events in St. Louis, Kansas City, and Branson.

**Pray:** That our new CHRIST-centered Christmas resources and products will help families keep Christ as the center of their Christmas celebrations this year. Pray that God will use many of these new tools to bring people to Christ this Christmas!

**Would you prayerfully consider giving financially to our ministry as part of your year-end giving?**
